

WHAT WE DO

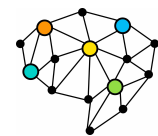

In community, from healthcare professional to home and everywhere in between – Hucu.ai helps teams get more done with less burnout. Easy acuity scoring helps focus teams. Hucu.ai simplifies communication (internal teams, external partners, patients, and families) with an easy to use person-centered secure messaging app.

Hucu.ai helps AAA teams achieve key goals:

- Manage Consumer Risk
- Improve Partner Transparency
- Increase Staff Satisfaction
- Extend Reach via Tech Enabled Services

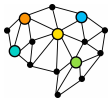

Innovative organizations use Hucu.ai to:

- Implement real-time acuity scoring
- Streamline and organize internal and external communication by location, by patient, by topic, by 1-1 DM
- Improve care accessibility via One-Touch Telehealth™ (Zoom Partnership)
- Communicate with clients/families
- Improve community collaboration
- Engage and retain volunteers & staff
